I just want to thank you and your staff for a very well put together conference. I have been to many conferences and this one was very informative and allowed me to network others who are in my industry. I found your staff to be very professional and knowledgeable. It is nice to be able to put a face with a name. I have nothing but outstanding things to say about everyone I have dealt with. I feel we have made a perfect choice in software that will allow us to grow and be more profitable as time goes on. My management staff has been pleased with the way we were able to convert from our old system. You have a "Top Shelf" company and I look forward to a very bright future. If you would like to use me as a reference, please feel to do so.

Once again, thank you and your staff for an outstanding job on the user conference.

Jeff Schlegel
